

THE ULTIMATE LIGHTWEIGHT, HIGH-PERFORMANCE 3D-PRINTED SUPPRESSOR

KEY DESIGN FEATURES

- **ULTRA-LIGHTWEIGHT & COMPACT**
Just 6 inches long and 9.2 oz—built for everything from backcountry hunts to long days at the range.
- **X-CORE™ EXCHANGEABLE CORE TECHNOLOGY**
A fully modular core system that keeps your suppressor current, serviceable, and mission-ready for life.
- **NEXT-GEN 3D-PRINTED CORE**
Advanced NURBS™ baffle topology delivers sound performance conventional designs can't match.
- **MAXIMUM DURABILITY**
FEA-driven core structure delivers superior strength and exceptional fatigue life.
- **XBAND™ WELD-FREE REPAIRABILITY**
Unlimited factory-new restoration with our innovative Serial-ID Ring, eliminating destructive cutting and rewelding.
- **MODULAR OPEN SOURCE® INTERFACES**
Capable of accepting HUB mounts and SilencerCo-Bravo front attachments for unmatched versatility.
- **MAGNUM RATED**
Built to handle up to .300 RUM with no barrel length restrictions.
